## Description of Incident

**Provide a description of the incident and how you (or those you are filling this out on behalf of) were victimized. Provide information not captured elsewhere in this complaint form:**

There were numerous unauthorized access to online accounts, including bank, social media (Facebook, Instagram, WhatsApp, etc.) and e-mail (school, Google, Apple) accounts by multiple different IP addresses. After unauthorized access, passwords and verification methods were changed so that I was unable to log in and access my own accounts. During this time, messages were sent via my own accounts, in an attempt to damage my reputation. Responsible party is unknown, but identity theft and impersonation has been reported numerous times over past four years, reflecting similar situations. This is an ongoing incident, with local police deeming as "minor social inconvenience" in the past reports. There is constant attempts to isolate myself from potential support, such as family and friends. I am unable to contact family and cannot access the internet without constant unauthorized invasion of privacy evidenced by IP address changes, etc. Any new friends

made are contacted with derogatory and defamatory allegations to limit contact.
