SAP APPEAL

Dear Financial Aid Office,

This document is to serve as an official SAP appeal statement for falling below the required cumulative GPA of 3.0.

Explanation of circumstance(s):

Due to my co-enrollment and final exams at medical university—from which I have graduated on October 14th, 2025[1][2] and some technical issues that were reportedto the professors and an identity theft report[3][4][5] in the past three semestral courses and the uncharacteristic drop in my academic performance occurred during this period. Since then, I have graduated from my co-enrolled university; and therefore, moving forward, will be able to give my undivided attention to securing my laptop and home network so that I do not run into issues as before.

Plan of action:

I have graduated from medical university on October 14th, 2025[1][2], and thus am no longer co-enrolled in another studies with my enrollment at Bellevue University. Furthermore, I have worked with the professors to regain access to MS Teams in order to allow participation/discussion in the courses from Winter 2025. In order to restore my current academic probational status to satisfactory academic progress, I plan to enroll in DSC 520 and DSC 530 in this current Winter term, and all of the coding assignments have already been completed[6][7]. A grade of at least B in both courses during this term would give me an overall cumulative GPA of 3.00 headed into the next term. I aim to obtain grades of A—given that I am no longer concurrently studying for medical school final exams from Winter Term 2025—in both DSC 520 and DSC 530, which would give me an overall GPA of 3.40 headed into the Spring Term 2026.

Year	Term	Course	Title	Credits	Grade	GPA
2024	Fall	DSC 500	Introduction to Data Science	3	A	4.00
2024	Winter	DSC 510	Introduction to Programming	3	B-	2.67
2025	Spring	CIS 535	Management and Design of Database Systems	3	C+	2.33

2025	**Winter**	**DSC 530**	**Data Exploration and Analysis**	**3**	**B**	**3.00**
			Cumulative GPA	15	B	3.00

I apologize for the inconvenience I have caused, and will work tirelessly to obtain A's (at least B's) in both retake courses to bring up my overall GPA over a 3.00. Thank you for your time and consideration.

Very Respectfully,

Dong Woon Kim, M.D.

Hello, I had some complications that did not allow me to submit this week's assignment on time. I'd like to request an extension to allow for an extra day. If further explanation is required, I will provide it. Thank you for your time, and for a great course so far.

Frank Neugebauer 8/4 8:32 PM

You can submit the assignment, but there's a 10% deduction per day. Hope everything is OK. Thanks!

Hello Dong,
The policy for this course is that everyone can have a one-time excuse to a late submission, and future late submissions are given zero automatically.
Week 11 assignment or Course project cannot be late at all for this course, as there will not be opportunity to submit after it closes.

Let me know if you have other questions,
Professor Jim

Description of Incident

Provide a description of the incident and how you (or those you are filling this out on behalf of) were victimized. Provide information not captured elsewhere in this complaint form:

There were numerous unauthorized access to online accounts, including bank, social media (Facebook, Instagram, WhatsApp, etc.) and e-mail (school, Google, Apple) accounts by multiple different IP addresses. After unauthorized access, passwords and verification methods were changed so that I was unable to log in and access my own accounts. During this time, messages were sent via my own accounts, in an attempt to damage my reputation. Responsible party is unknown, but identity theft and impersonation has been reported numerous times over past four years, reflecting similar situations. This is an ongoing incident, with local police deeming as "minor social inconvenience" in the past reports. There is constant attempts to isolate myself from potential support, such as family and friends. I am unable to contact family and cannot access the internet without constant unauthorized invasion of privacy evidenced by IP address changes, etc. Any new friends
